Art Unit: 1714

The response received January 28, 2004 has been made of record. Claims 1-18 are pending.

Claims 1-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Chiu in view of Berejka.

This rejection is maintained for reasons of record.

Applicants' arguments in traversal of this rejection appear to focus on the allegation that there is no clear teaching in the Chiu reference of relative amounts such as claimed instantly.

It is the position of the examiner that there is a clear teaching of relative amounts in the Chiu reference and that these amounts, if converted to applicants' method of measurement would fall within the range claimed instantly.

Claims 13-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
